

RECYCLE YOUR E-WASTE!!!

November 15th, 10am-3pm on UA Mall

What is E-Waste?

E-Waste is electronic products that are being thrown out into landfills.

Throwing out old and broken technology can release harmful chemicals and metals that can adversely affect human health.

Did you know?

80% of all the copper ever mined
is still in use!

What can be Recycled?

- Computers, laptops & computer parts
- Wi-Fi routers & networking equipment
- Sound systems & speakers
- Monitors, screens & TVs
- Any sort of cables
- Video games, DVDs, CDs
- Phones, webcams, mics
- Hard drives & data storage equipment
